MISSION

VISION

OBJECTIVE

Vision

Objective

VISION

To safeguard the health of the Indian population by ensuring that the benefits of use of medicine outweigh the risks associated with its use

MISSION

To improve patient safety and welfare in Indian population by monitoring drug safety & thereby reducing the risk associated with use of medicines

OBJECTIVE

- To train the various types of participants to develop skill in Pharmacovigilance (PV).
- To build capacity in the area of PV.
- To create awareness & sensitize the participants for reporting of Adverse Events/Adverse Drug Reactions
- To foster research in the area of PV

About NCC-PvPI, IPC

Indian Pharmacopoeia Commission (IPC), Ghaziabad is an autonomous institution under the Ministry of Health & Family Welfare (MoHFW), Government of India. The IPC is functioning as National Coordination Centre for Pharmacovigilance Programme of India (NCC-PvPI) since the year 2011.

This programme is an important initiative of MoHFW for improving safety and welfare of Indian population by monitoring drug safety and minimizing the risk associated with the use of medicines. It also aims to bolster the regulatory mechanisms in India by utilising the drug safety database for signals and providing support for appropriate regulatory interventions. The programme seeks support from all stakeholders including the physicians, pharmacists, patients, hospitals, pharmaceutical industries and the consumers.

IPC, has been recognised as WHO Collaborating Centre for Pharmacovigilance in Public Health Programmes and Regulatory Services.

World Health Organization (WHO) on July 18, 2017 recognised PvPI-IPC as a WHO Collaborating Centre for Pharmacovigilance in Public Health Programmes & Regulatory Services

Contents

- **Skill Development Programme on Pharmacovigilance**

6
 - **Regional Workshop on Pharmacovigilance and Establishment of Pharmacovigilance System in Pharmaceutical Industries**

9
 - **Workshop-cum-Training Programme on Pharmacovigilance for NABH-Accredited Hospitals**

11
 - **Induction-cum-Training Programme on Pharmacovigilance for Coordinators of newly recognized AMCs and newly recruited Pharmacovigilance Associates**

13
 - **3rd National Pharmacovigilance Week - 2023 Celebration**

14
 - **MedSafety Week-2023 Celebration**

Skill Development Programme on Pharmacovigilance

Objective

The objective of this skill development programme is to enhance Pharmacovigilance (PV) Knowledge and skills of the healthcare professionals, who in turn promote patient safety.

Target Group

- Young Pharmacy / Medical / Paramedical professionals seeking career in Pharmacovigilance.
- Existing professionals in Pharmacovigilance.

Career Prospects

- Employment opportunities in Pharmacovigilance in Government & Private sector.
- Career opportunities in regulatory system / CROs and public health programmes.
- Abilities to deliver Good Pharmacovigilance Practice at par with international requirements.
- Providing a platform for being an entrepreneur in Pharmacovigilance.

Expected Outcomes

- Acquiring basic knowledge in Pharmacovigilance.
- Creating a workforce at National / International level to meet challenges in PV.
- Enable and mobilize a large number of health care professionals to take up training and acquire requisite skills for employment.
- Capacity building and strengthening of QPPv (Qualified Person for Pharmacovigilance) as per the regulatory requirements.

Course Content

- Pharmacovigilance: Basics, Objectives & Methods.
- ADRs: Understanding, Prevention & Reporting.
- Understanding of Individual Case Safety Reports.
- Materiovigilance Programme of India.
- Causality Assessment & Quality review.
- Signal Detection & Assessment.
- PV based Regulatory Action- Application of IT tools.
- Adverse Events Following Immunization (AEFI).
- Periodic Safety Reports: PSURs/PBRERs etc.

“Interested candidates may get registered via online application form in the prescribed format available on www.ipc.gov.in. The duly filled application form along with payment receipt shall be submitted”

Application shall be processed on “First-come-first-serve” basis

Registration Procedure

FEE

Registration Fee Rs. 1000/-

Payment should be made by NEFT to Indian Pharmacopoeia Commission, Bank of Baroda, Sanjay Nagar, Ghaziabad, Bank Account Number: 21860100013540, Branch IFSC Code: BARBOSANGHA (fifth character is zero), Type of Bank Account: Super Saving, MICR Code of Bank: 110012204.

Regional Workshop on Pharmacovigilance and Establishment of Pharmacovigilance System in Pharmaceutical Industries

BACKGROUND

Pharmaceutical Industries play an important role for patient safety by collecting Adverse Drugs Reactions (ADRs) due to the use of pharmaceutical products and sending them to the Indian Pharmacopoeia Commission, NCC-PvPI. As per the New Drugs and Clinical Trial (NDCT) Rules, 2019, pharmacovigilance has been made mandatory for Marketing Authorization Holders (MAHs) in India. In order to ensure the effective implementation there is a need to understand the issues and challenges for the MAHs as well as PvPI in terms of managing ADRs and to set up a Pharmacovigilance system at MAHs' organization.

OBJECTIVE

To sensitize new drugs/generic manufacturers, importers, distributors and other stakeholders about Pharmacovigilance system strengthening as per "Pharmacovigilance Guidelines for MAHs of Pharmaceutical Products" at their site.

TARGET PARTICIPANTS

Professionals in Pharmacovigilance, Quality Assurance (QA) and Regulatory Affairs (RA) in Pharmaceutical Industries and Healthcare Systems.

EXPECTED OUTCOMES

The participants will acquire:

- Information about requirements to setup/strengthen the Pharmacovigilance system.
- Information to improve the Pharmacovigilance system in compliance with the regulatory requirements.
- Information about quality management system at MAHs' site.
- Any other issues/challenges for Pharmaceutical Industries for reporting of ADRs to IPC, NCC-PvPI.

TRAINING CALENDAR

The tentative training schedule for Year 2024-25 is as follows:

S. No.	Event Name	Date
1.	Regional Training for MAHs	April, 2024
2.		November, 2024

Dates are purely tentative in nature. For further details visit our website www.ipc.gov.in

Terms & Conditions for Registration :-

1. The registration will be done on 'first-come-first' serve basis.
2. - **Registration Fee** : Rs. 1000/- including GST (**for online mode**)
- **Registration Fee**: Rs. 2500/- including GST (**for offline mode**)
3. Payment should be made by NEFT to Indian Pharmacopoeia Commission, Bank of Baroda, Sanjay Nagar, Ghaziabad.
4. Bank Account Number: 21860100013540, Branch IFSC Code: BARB0SANGHA (fifth character is zero), Type of Bank Account: Super Saving, MICR Code of Bank: 110012204.
5. Amount will not be refunded in any circumstances.

Note:- Applications without fee will not be entertained.

Contact : 0120-2783400 Extn. 145 (Time - 10:00 AM to 5:00 PM, Monday to Friday)

Mail ID : mah.nccpvpi-ipc@gov.in, training.nccpvpi-ipc@gov.in

Workshop-cum-Training Programme on Pharmacovigilance for NABH - Accredited Hospitals

BACKGROUND

The National Accreditation Board for Hospitals and Healthcare Providers (NABH), Quality Council of India provides technical supports to NCC-PvPI for strengthening of pharmacovigilance system at NABH accredited hospitals.

OBJECTIVE

To train NABH-accredited hospitals staff on Pharmacovigilance and ADRs reporting. Maximum Participants : Upto 200

Registration Fee : Rs.1,000 including GST

EXPECTED OUTCOMES

- Enhancing corporate hospitals involvement in monitoring and reporting of ADRs to PvPI.
- Reputation of hospitals is enhanced being a part of the safety monitoring system under PvPI.
- Bolster the hospitals in NABH accreditation
- At large promoting patient-safety and strengthening of Pharmacovigilance system in NABH Hospitals.

TARGET PARTICIPANTS

Healthcare Professionals including Physicians, Pharmacist, Staff Nurses, Young Medical, Paramedical Professionals.

TRAINING SCHEDULE

Tentative training Schedule for NABH Accredited Hospitals for the year 2024-25 is as follows:

S. No.	Venue	Date
1.	NCC-PvPI, IPC	May, 2024
2.		December, 2024

Dates are purely tentative in nature. For further details visit our website www.ipc.gov.in

Terms & Conditions for Registration :-

1. The registration will be done on 'first-come-first' serve basis.
2. Maximum five participants from one hospital can attend the programme, which include Clinician/Clinical Pharmacist/Nurses/Hospital management.
3. Payment should be made by NEFT to Indian Pharmacopoeia Commission, Bank of Baroda, Sanjay Nagar, Ghaziabad.
4. Bank Account Number: 21860100013540, Branch IFSC Code: BARB0SANGHA (fifth character is zero), Type of Bank Account: Super Saving, MICR Code of Bank: 110012204.
5. Maximum 200 registrations will be accepted on first come first serve basis.
6. Amount will not be refunded in any circumstances.

Note:- Applications without fee will not be entertained.

Contact : 0120-2783400 Extn. 145 (Time - 10:00 AM to 5:00 PM, Monday to Friday)

Mail ID : training.nccpvpipi-ipc@gov.in

HEALTH

Induction-cum-Training Programme on Pharmacovigilance

OBJECTIVE

To train the participants on Good Pharmacovigilance Practices (GVPs) and quality management system of PvPI and implement the same at Adverse drug reaction Monitoring Centres (AMCs) with a view to monitoring and ensuring patient safety.

PARTICIPANTS

Coordinators/Deputy Coordinators of newly-recognized AMCs & newly-recruited Pharmacovigilance Associates at AMC and NCC-PvPI.

EXPECTED OUTCOMES

- Better understanding of PvPI and NCC/AMCs functions under PvPI.
- Understand all aspects of their role and develop skills and knowledge to do their job properly.
- Setting up of effective Pharmacovigilance system at their AMCs under PvPI.
- Promoting patient-safety and strengthening of Pharmacovigilance system.

TRAINING SCHEDULE

Tentative training Schedule for Induction-cum-Training Programme for the year 2024-25 are as follows:

S. No.	Venue	Date
1.	NCC-PvPI, IPC	April, 2024
2.		July, 2024
3.		October, 2024
4.		January, 2025

Dates are purely tentative in nature. For further details visit our website www.ipc.gov.in

4th National Pharmacovigilance Week - 2024 Celebration

BACKGROUND

The National Pharmacovigilance Week was started by the PvPI in 2021. This will be celebrated every year throughout the country from 17th to 23rd September in the interest of patient safety.

The National Coordination Centre- Pharmacovigilance Programme of India (NCC-PvPI), Indian Pharmacopoeia Commission (IPC) will also celebrate the 4th National Pharmacovigilance Week (NPW) from 17th - 23rd September 2024.

OBJECTIVE

National Pharmacovigilance week celebration is aimed at creating awareness amongst the public, Healthcare professionals, Pharmaceutical Industries and healthcare authorities about the reporting of adverse drug reaction to PvPI.

TARGET PARTICIPANTS

All Healthcare Professionals/Professional Bodies/ Academic Institutions and Adverse Drug Monitoring Centres (AMCs) working under NCC-PvPI, should celebrate the National Pharmacovigilance Week across the country.

PROPOSED ACTIVITIES FOR AMCs UNDER PvPI

Various modes like Workshops, Conferences, Pharmacovigilance walkathon, quiz competition, poster competition, audio-visual animation and skit will be organized during the entire week for creating the awareness at hospitals, medical colleges and academia across the country.

EXPECTED OUTCOME

NPW is expected to increase ADR reporting and encourage carrying out the activities related to Pharmacovigilance to the general public and all HCPs.

MedSafety Week - 2024 Celebration

BACKGROUND

The Medsafety Week campaign will be celebrated in association with WHO- Uppsala Monitoring Center, Sweden on 7th-10th November 2024. NCC-PvPI communicate with all Healthcare Professionals, Academic Institutions and Adverse Drug Monitoring Centres (AMCs) functioning under PvPI to celebrate about the Medsafety Week and disseminate the campaign's material to them. E-mail banner will be added in the signature of the e-mail, animations, social-media cards, posters and share the same in the various social media platforms like Twitter, Facebook and LinkedIn etc.

OBJECTIVE

The main objective of this campaign will be raised awareness of Adverse Drug Reactions and ADR Reporting Systems among the public.

TARGET PARTICIPANTS

All Healthcare Professionals/Professional Bodies/ Academic Institutions and Adverse Drug Monitoring Centres (AMCs) working under PvPI will celebrate the Medsafety Week campaign across the country.

EXPECTED OUTCOME

Medsafety Week will increase ADR reporting and encourage healthcare professionals and general public to carry out activities related to Pharmacovigilance.
